CTE College Credit is free and is awarded to students who:

1. Complete the CTE course sequence with a grade-point average of 3.0 or higher;
2. Pass the state end-of-program technical assessment for the program;
3. Pass the Workplace Readiness Assessment for employability skills: and
4. Apply to the school granting credit and request the credit be posted to a transcript. School counselors are available to assist students with this process.

Students who qualify for the college credit do not need to attend the credit granting school to receive the credit. Please see the appendix or visit <http://www.doe.nv.gov/CTE/> for further information.

SPORTS MEDICINE

SPORTS MEDICINE		
HEALTH SCIENCE I	This one-year course introduces students to health occupations with a clinical perspective. This course includes medical terminology, health care careers and systems, safety, legal responsibilities, wellness, and disease prevention. Instructional practices incorporate integration of diversity awareness including appreciation of all cultures and their important contributions to society. The appropriate use of technology is an integral part of this course. This course fulfills one of the elective credits required for high school graduation. See the Appendix for the Instructional Fee List.	Grades: 9 Prerequisite: None Credits: 1
HEALTH SCIENCE II	This one-year course provides students, who have successfully completed Health Science I with a clinical perspective of anatomy and physiology. Emphasis is placed on the organization, structure and function of the human body, growth and development, wellness, and pathophysiology. Instructional practices incorporate integration of diversity awareness including appreciation of all cultures and their important contributions to society. The appropriate use of technology is an integral part of this course. This course fulfills one of the elective credits required for high school graduation. See the Appendix for the Instructional Fee List.	Grades: 10 Prerequisite: Health Science I Credits: 1
SPORTS MEDICINE I	This one-year course is designed for students who have successfully completed Health Science I. Students are provided instruction in sports medicine terminology, physical fitness, anatomy and physiology, kinesiology, injury evaluation and prevention procedures, and careers in sports medicine. Instructional practices incorporate integration of diversity awareness including appreciation of all cultures and their important contributions to society. The appropriate use of technology is an integral part of this course. This course fulfills one of the elective credits required for high school graduation. See the Appendix for the Instructional Fee List.	Grades: 11 Prerequisite: Successful completion of Health Science I and II Credits: 1
SPORTS MEDICINE II	This one-year course will give students hands-on experience evaluating injuries commonly sustained by the competitive athlete. It includes all areas of sports medicine such as sports medicine terminology, musculoskeletal anatomy, evaluation, assessment, rehabilitation, and prevention of athletic injuries. Emphasis will be placed on evaluating and assessing athletic injuries. The appropriate use of technology is an integral part of this course. This course will fulfill one elective credit required for high school graduation. See the Appendix for the Instructional Fee List.	Grades: 12 Prerequisite: Successful completion of Sports Medicine I Credits: 1
INTERNSHIP	This one-semester course provides work-based learning experiences for students focusing on a specific career cluster. Students will spend a portion of time in the classroom and a portion at the internship site. In order to receive credit for this course, students must fulfill all classroom and internship worksite requirements. This course will fulfill one-half elective credit for high school graduation and may be repeated for three additional semesters for a total of two credits. See the Appendix for the Instructional Fee List.	Grades: 12 Prerequisite: None Credits: ½ - 2
